Illinois State University

Bachelor’s of Science Degree, Health Information Management

RHIT-HIM Online Sequence

[healthsciences.illinoisstate.edu/info-management/online.shtml](http://healthsciences.illinoisstate.edu/info-management/online.shtml)

The RHIT-HIM Online Sequence:

- is designed specifically for students with an associate’s degree in health information technology and who have their Registered Health Information Technician (RHIT) credential, the opportunity to earn a bachelor’s degree in Health Information Management from Illinois State University without duplicating previous professional course work;

- is a thirty-one (31) credit hour health information management sequence designed for the distance learning environment with no on-campus attendance required;

- awards 33 hours “Proficiency Credit” for students who have demonstrated their HIM competencies through maintaining their RHIT credentials – awarded after completion of 3 sequential HIM online courses

To be admitted to the RHIT-HIM Online Sequence, a student must:

1. Be admitted to Illinois State University
2. Hold an Associate of Applied Sciences Degree in Health Information Technology
3. Hold a current Registered Health Information Technician credential
